

**Calculation of Cumulative Net Investment Loss (CNIL) to December 31, 2021**

Use this form if you had any **investment income** or **investment expenses** for 2021.

Your CNIL reduces the amount of your cumulative gains limit for the year and may affect the allowable amount of your capital gains deduction.

Even if you are not claiming a capital gains deduction in 2021, you should still complete this form if you had any investment income or expenses in 2021.

Because the balance in your CNIL account represents a cumulative total, you may need this information in a future year. Keep a copy for your records and attach another copy to your return.

For more information, call **1-800-959-8281**.

Note

If, in 2021, you have capital gains other than from the disposition of qualified farm or fishing property, or qualified small business corporation shares, first complete Chart A on page 3 of this form to determine if you have additional investment income to include when you calculate your CNIL.
